MATERIAL SAFETY DATA SHEET

Edition	Revision date	Creation date
10.00.00	01/06/2016	01/06/2016

1 . IDENTIFICATION OF THE SUBSTANCE / MIXTURE AND OF THE COMPANY**Product name** : Citropten**Catalogue number** : 0581 S**CAS NUMBER** : [487-06-9]**EC Number** : 207-646-4**Index number** : -**Relevant identified uses of the substance / mixture and uses advised against**

Reagent for research use only

Supplier :

EXTRASYNTHÈSE
Z.I Lyon Nord
Impasse Jacquard - C.S 30062
69727 GENAY CEDEX - FRANCE
Phone. (33)(0)478-98-20-34
Fax. (33)(0)478-98-19-45
info@extrasyntese.com
Emergency call number ORFILA (France) : Tel : (33)(0)145-42-59-59

2 . HAZARDS IDENTIFICATION**Classification of the substance / mixture**According to Regulation (EC) No1272/2008

Not a hazardous product

Label elementsHazard statements

No hazard statement

Precautionary statements

P260 Do not breathe dust/fume/gas/mist/vapours/spray.

P262 Do not get in eyes, on skin, or on clothing.

Supplemental hazard information

None

Other hazards

None

3 . COMPOSITION / INFORMATION ON INGREDIENTS**Product name** : Citropten**Empirical formula** : C₁₁H₁₀O₄**CAS NUMBER** : [487-06-9]**Synonyms** : Limettin ; 5,7-Dimethoxycoumarin**EC Number** : 207-646-4**Other hazardous ingredients**

Methanol		
CAS NUMBER	Concentration	Classification
[67-56-1]	<3%	Acute Tox. 3 (H301) ; Acute Tox. 3 (H311) ; Acute Tox. 3 (H331) ; Flam. Liq. 2 (H225) ; STOT SE 1 (H370)

For the full text of the H-statements and the R-phrases mentioned in this section, see section 16.

4 . FIRST AID MEASURES**Inhalation**

In case of inhalation, move the victim to fresh air. If breathing is difficult, put the victim on oxygen. If breathing stops, carry out artificial respiration.

In case of skin contact

Wash thoroughly with water and soap.

In case of eye contact

Rinse well with plenty of water for at least 15 minutes.

Ingestion

Do not make an unconscious person vomit or swallow anything. Rinse the mouth thoroughly with water.

5 . FIRE-FIGHTING MEASURES**Extinguishing media**

Carbon dioxide, dry powder.

Special hazards arising from the substance

Harmful/toxic vapours, carbon oxides may be released during the fire.

Advise for fire-fighters

Wear an autonomous breathing apparatus and suitable protection clothing against chemical agents.

6 . ACCIDENTAL RELEASE MEASURES**Personal precautions**

Use personal protective equipment. Evacuate the personnel from the contaminated zone. Ensure adequate ventilation.

Environmental precautions

Keeping away from drains, surface and ground waters.

Methods and materials for containment and cleaning up

Clean up without creating dust and place in adapted and sealed containers for elimination. Wash the contaminated area with water and soap. Confine washing water and dispose of it complying with the local regulations. After cleaning, quickly eliminate traces of water with a product absorbing liquids (for example : sand, sawdust, universal binder, Kieselguhr).

7 . HANDLING AND STORAGE**Precautions for safe handling**

Avoid formation of dust. Avoid contact with skin and eyes. During handling, wear suitable personal protective equipment (see section 8). Follow the normal measures for preventive fire protection.

Specific handling

Use in a dark place.

Specific end use(s)

No data available

Conditions for safe storage, including any incompatibilities

Store in a cool well-ventilated place.

Keep container tightly closed in a dry place away from light.

Store at <+8°C

8 . EXPOSURE CONTROL/PERSONAL PROTECTION**Respiratory protection**

Wear imperatively an appropriated mask/respirator, tested and approved by standards such as NIOSH (US) or CEN (EU).

Hand protection

Handle with protective gloves. The selected gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it.

Eye protection

Wear safety glasses.

Skin protection

Wear suitable protective clothing according to the quantity and the level of activity of the substance at the workplace.

9 . PHYSICAL AND CHEMICAL PROPERTIES**Information on basic physical and chemical properties**

Physical state	: Powder
Color	: White
Solubility in	: Ethyl alcohol (Soluble)
Initial boiling point	: No data available.
Flash point	: No data available.
pH	: No data available.
Partition coefficient: n-octanol/water	: No data available.
Auto-ignition temperature	: No data available.
Decomposition temperature	: No data available.
Viscosity	: No data available.
Melting point	: 146-150°C

Other information

No data available

10 . STABILITY AND REACTIVITY**Reactivity**

No data available.

Chemical stability

Stable under recommended storage conditions.

Possibility of hazardous reactions

No hazardous reactions during storage and handling complying with the instructions.

Conditions to avoid

No data available.

Incompatible materials

No data available.

Hazardous decomposition products

No hazardous decomposition products if the instructions for handling and storage are respected. During high overheating of the substance or during a fire, hazardous decomposition products may be produced.

11 . TOXICOLOGICAL INFORMATION**Acute oral toxicity**

No data available.

Acute dermal toxicity

No data available.

Acute inhalation toxicity

No data available.

Skin Corrosion

No data available.

Skin Irritation

No data available.

Serious Eye Damage

No data available.

Eye Irritation

No data available.

Respiratory Sensitisation

No data available.

Skin Sensitisation

No data available.

Germ Cell Mutagenicity

No data available.

Carcinogenicity

No data available.

Reproductive Toxicity

No data available.

Specific Target Organ Toxicity - Single Exposure

No data available.

Specific Target Organ Toxicity - Repeated Exposure

No data available.

Aspiration Hazard

No data available.

12 . ECOLOGICAL INFORMATION**Toxicity**

No data available.

Persistence and degradability

No data available.

Bioaccumulative potential

No data available.

Mobility in soil

No data available.

Results of PBT and vPvB assessment

No data available.

Other adverse effects

No data available.

13 . DISPOSAL CONSIDERATIONS**Waste treatment methods**

Non-recyclable surplus and solutions must be sent to a licensed professional waste disposal service, while respecting the local statutory instructions. Contaminated packaging is to be eliminated in the same way as the product that is contained.

14 . TRANSPORT INFORMATION

Not dangerous goods

Environmental hazards

No

15 . REGULATORY INFORMATION**Safety, health and environmental regulations/legislation specific for the substance**

Directive 96/82/CE (SEVESO category/named substances) : not applicable.

Regulation CE 2037/2000 (substances that deplete the ozone layer) : not applicable.

Regulation 850/2004 (persistent organic pollutants) : not applicable.

Regulation REACH-Titre VII (authorisations) et Titre VIII (restrictions) : not applicable.

Chemical safety assessment

Not applicable.

16 . OTHER INFORMATION

Full text of R-phrase(s) and S-phrase(s) according to European Directive 67/548/EEC-Full text of hazard statement(s) mentioned in section 3

Acute Tox.	Acute oral toxicity
Acute Tox.	Acute dermal toxicity
Acute Tox.	Acute inhalation toxicity
Flam. Liq.	Flammable Liquids
STOT SE	Specific Target Organ Toxicity - Single Exposure
1	Category 1
2	Category 2
3	Category 3
H225	Highly flammable liquid and vapour
H301	Toxic if swallowed
H311	Toxic in contact with skin
H331	Toxic if inhaled
H370	Causes damage to organs

Use

The information contained in this safety data sheet are based on our experience and our current knowledge. The data may in no case be considered as product specifications. It is provided for information purposes only with no obligation on our part. In this respect, we shall not be held liable for the use which is made of our products and for the information given above.

Abbreviations and acronyms

ADR: Agreement on Dangerous Goods by Road

RID: Regulations concerning the International Transport of Dangerous Goods by Rail

IATA: International Air Transport Association

CAS: Chemical Abstract Service

PBT: Persistent, Bioaccumulative and Toxic

vPvB: Very Persistent and Very Bioaccumulative
